Positive Behaviour Plan

1.0 Rationale

At Alkimos College we have clear behavioural guidelines and expectations based on a 'High Performance – High Care' culture. All students are expected to abide by this, and the Good Standing Policy assists all students in adhering to the college motto of **Aspire, Act, Achieve**.

1.1 Motto

Aspire

- **We will** inspire our students and staff to unleash a passion for learning, to realise their aspirations.
- **We will** build self-belief in their capacity to aim high, set goals and exceed their potential.

Act

- **We will** support our students and staff in making plans that are acted upon, to work towards their goals.
- **We will** have high expectations and will challenge our college community to reach higher. Challenge and taking risks is sometimes accompanied by failure, which in itself is part of the learning process.
- **We will** build resilient minds to help overcome any adversity.

Achieve

- **We will** empower our students and staff to achieve their goals and celebrate success and achievement.
- **We will** foster pride in the college community, through the opportunity to recognise and share in the success of others.

1.2 Values

5.0 Positive Behaviour Support

Staff support positive behaviour using best practice models in line with current Department of Education policy. This includes proactive Positive Behaviour Support (PBS) measures, as well as Classroom Management Strategies (CMS) and a Restorative Practice approach.

5.1 Positive Practice

Staff at Alkimos College demonstrate best practice as follows:

- Explicit teaching of social competencies in the Health and Well-being program, Anchor.
- Establishing and practising specific routines to maintain positive conduct.
- Establishing positive relationships with all students to promote a sense of respect, belonging and acceptance.
- Setting clear, consistent, and published expectations on behavioural rules and conduct.
- Considering individual learning styles and needs.
- Creating interesting, targeted, and stimulating lessons.
- Providing positive reinforcement and recognition of positive conduct.
- Using low key CMS practices to keep students engaged and maintain a positive atmosphere.

5.2 Interventions

Staff implement logical and natural consequences for students who do not meet the college code of conduct. The focus is on modifying the behaviour instead of punishing the student. Staff agree to:

- Provide clear, concise and consistent messages about behavioural expectations.
- Use low key CMS principles as a first strategy.
- Deal with issues and concerns in a timely and effective manner.
- Acknowledge student differences and use a variety of strategies to cater for individual needs.
- Communicate with students and parents/carers about behavioural issues and concerns in a non-judgemental manner, targeting behavioural observations and not the person.
- Provide regular and timely feedback to students and parents about progress, issues and concerns.
- Support students to take responsibility for any issues and concerns.
- Consult with HoLAs, Student Services and Associate Principals to discuss specific students and/or possible intervention strategies (as required).
- Log interventions and strategies on Compass in a timely manner.

5.3 Referrals

If a staff member has employed and documented a variety of intervention strategies and the student still does not comply with acceptable college conduct, they can refer the student, as per Behaviour Support Flowchart (Refer 6.7).

- Referrals need to follow the Behaviour Support Flowchart.
- Any referral must be accompanied by strategies (as documented on Compass) the staff member has utilised in an attempt to modify the student's behaviour.
- All referrals must be entered on Compass.
- Staff need to be explicit that a student has been referred and to whom the student has been referred to.

5.4 Fast Tracked Referrals

Students who are involved in serious offences and major misdemeanours will be "fast-tracked" to the Student Services Coordinator as a first port of call or the relevant Associate Principal if the Student Services Coordinator is not available. Such offences are instances where the safety and well-being of an individual is being threatened. These may include, but are not limited to:

- Verbal abuse or threats to a staff member.
- Physical abuse of a staff member, or other student.
- Carrying weapons of any description.
- In the possession, or under the influence of, any drugs/alcohol.
- Wilful damage to college property.
- Behaviour associated with suicidal or non-suicidal self-injury.

5.5 Defusing Escalated Incidents

Staff will use CMS strategies to de-escalate and minimise disruptions, but occasionally situations will escalate quickly and/or despite the staff member using a variety of low key strategies.

- Focus on the undesired behaviour and not the student.
- If there are any students supporting the undesired behaviour, deal with the allies first.
- Give the student an opportunity to "save face" and give them an alternative to the escalation.
- Remain calm and remove the student from the environment and into a private area (that is monitored) for "cool down time".
- If the situation keeps escalating, request the support of a HoLA, relevant Year coordinator, Student Services Coordinator, or relevant Associate Principal.
- Document on Compass.

5.6 Physical Altercations

- Read the situation that is developing and only physically intervene if it is safe to do so.
- Gain the students attention using a loud noise, a clap or a shout. Clear instruction to stop.
- Make eye contact with and direct the student who stops first, to go to another area.
- Staff are to assist by dispersing any crowd.
- Document on Compass.
- Designated staff member to complete Incident Report.

5.7 Suspensions

- In a situation where there has been a deliberate breach of college conduct a student may be withdrawn from timetabled classes or suspended. Students involved with/in a fight, verbal or physical abuse of a staff member or any illegal activity will be automatically suspended.
- Following a period of suspension, the suspended student is not permitted to re-enter timetabled classes until a re-integration case conference with a parent/carer and the student has occurred, as well as restorative practices with relevant staff and/or students (as applicable). Students suspended will lose Good Standing for a period of 2 weeks (see Good Standing policy).
- Support strategies post suspension may include; Case Conferences, Escalation Profiles, Individual Behaviour Plans and/or a Monitoring Sheet.
- Students who are continually suspended will have increased consequences, including internal and external agency support.
